BOX 10

STANDARD PLASTIC BOX FOR MIAB BURNER CONTROL

Nordgas Srl Via Giuseppe Parini, 1 | 23845 Costa Masnaga (LC) Italy | Tel +39 0314121731 **nordgas.it | info@nordgas.it**

APPLICATIONS

The **BOX10** plastic box's family are designed to be used together with MIAB platform equipped with the integrated user interface.
It is characterized by a neutral aesthetic so it's easy to give different appearance using different boiler's metal sheet covers. Each of them can be customized with a specific logo and symbols printing.
All the components (plastic, push buttons, screw terminal block....) except MIAB PCB are included.

GENERAL FEATURES

- ABS V0 Plastic
- RAL 9010
- Separate paths for high & low voltage cables
- Specific path for spark igniter
- Screw terminal block for power supply & HD
- Earth connection terminal block
- Color printing logo – symbols available
- Fixing support for optional PCB

COMPATIBILITY

The **BOX10** family plastic box can be interfaced with the following products:

- **MIAB** burner control (MIAB-ATM / MIAB-ATM/ST / MIAB-CON / MIAB-CON/ST)
